If you have any questions, please contact school at 920-336-5754.

Thank you and we appreciate your continued support.

Syble Hopp School supporters, family, friends, community members and organizations helped to make our dream of a therapy pool for children with physical, cognitive and developmental disabilities come true. The construction of our therapy pool was completed in 2006. Countless hours of exercises, stretching, strengthening and toning have been beneficial to the many children who are in need of therapy.

The warm water relaxes muscles that allow limbs to move freely and without pain. The best part of the therapy pool is the many, many, many smiles we see on a daily bases!

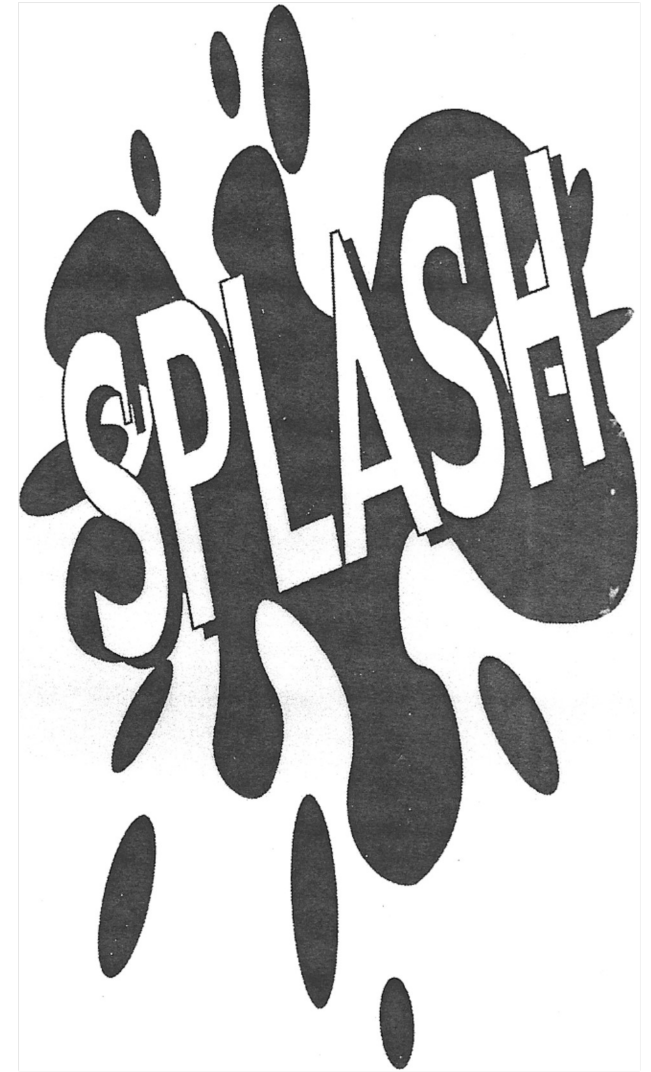

Your continued support of our therapy pool allows us to purchase equipment, aquatic accessories and provide the latest development in therapy techniques.

Please consider helping maintain the pool through the purchase of a brick in honor of a loved one or in memory of someone special. These beautiful bricks make great gifts for the holidays, birthdays, and graduations or for someone who has everything! These engraved bricks are displayed on the wall outside the pool.

Thank you for helping us make a difference in the life of a child through the purchase of a brick today.

Help make a big

with a little ca\$h
